G.C.Biella – Le Betulle, founded in 1958, has in the golf course, framed in a landscape of rare beauty, its strongest point. Over many years G.C. The course, designed by British architect John Morrison, is a typical example, rarely found this country, of “English style” layout, very “environment-friendly”. Silver birches, chestnut trees and centuries old oaks frame the eighteen holes with colourful backdrops that change with each season. Practice facilities are available, consisting of two practice putting greens, a practice hole complete with bunkers, chipping and pitching greens and a driving range with grass tees and sheltered practice boxes.

Golf Club Biella “Le Betulle” is home to important International Championships which saw the participation of the best European professionals including the No. 1 in the world Rory Mallroy. Inside the Club House, the simple but refined furnishing and wooden flooring pierced by spiked shoes give a feeling of warmth. The Lodge, aesthetically delightful, offers very comfortable rooms with old style furnishing, perfectly in sintony with the Club House.

SIMONA MUSCARI

PERSONAL MATCHMAKER

#### STORY INTERVIEW SIMONA MUSCARI

**Who has never had heart problems? Who has never been left or left?**

My name is Simona Muscari, I have been dealing with MatchMaking between people of high socio-economic and cultural level for over 20 years and I am specialized in «high-level headhunting» techniques. I am the only one in Italy to use a holistic and highly personalized approach with this type of skills to find the ideal partner.

#### **How my agency was born**

When I separated I went through a very dark moment in my life. I've had three relationships, all three «wrong», which however taught me a lot: first of all, that if I hadn't learned to feel good about myself first of all, I would never have been good with anyone else. If it's not you who first likes, accepts and loves you, how can anyone else do it?

And that's how my inner journey began, a deliberately lonely journey to find myself. When I was left alone, I decided to go to a psychotherapist, and this helped me to look inside myself and begin to understand that I could only be able to find peace and happiness within myself. I have chosen that if I have to be with someone, it is not necessarily necessary that I do it to fill a void or to force a cohabitation or a marriage, but for the beautiful word that is sharing... of interests, paths, moments ; with the awareness that the quality of time is more important than the quantity.

I believe that changing the Status of «singletudine» for the couple is only to be able to improve and complete myself,

because this is what a relationship must do: bring out the best in us thanks to the chemistry that is triggered when two compatible souls meet.

I decided that these would be my principles to defend my happiness, my integrity, my self-esteem and above all to be an example for my daughter.

Never settle for trying to fill an emotional void with anyone! That would be the biggest mistake.

So, one day I said to myself: «there will be people like me» ... people who are not looking for a frivolous adventure, but who aspire to a deep relationship, satisfying from all points of view, the fateful «soulmate» . There right person exists, and can be found, it's just a matter of compatibility, knowing where and how to look... in a word, it's a matter of Perfect Matching.

A few years have passed since then, but it was right there that I felt and understood my vocation, the desire to want to be the person who suffered first in love, to feel like helping other people, in my inner condition to fulfill their dream of love.

It was my suffering that gave me that inner drive to help others, I didn't want anyone to feel that state of sadness and loneliness that I felt anymore...

I immediately found a new meaning in my life, I felt enthusiastic and encouraged, also because I had a lot of experience in this sector, I had the skills to do it, and it was a bit as if, in helping others, I was also helping myself.

I take to heart when a person comes to me,

I understand it, there is empathy, because I've been there first... I understand that desire to meet the person of my dreams, who however, for a thousand reasons (which can be of a professional nature or other) they can't or can't achieve it themselves and need someone to look for them: A Personal Matchmaker.

I decided to join a team of specialists including: psychologists and sexologists, to accurately analyze the profiles and compatibility of the people who turn to me.

To do this, I decided to have the best professionals at a national level as collaborators. My agency therefore, is made up of people who work alongside me with the same principles and who I personally direct and it stands out primarily from the others, for human contact.

This is what keeps me different from other «singles clubs», who manage databases by automating each match, not taking into account the uniqueness of each of us.

For me it's not just about a job... It's about passion in what I do because I have the responsibility to change people's destiny, it's about changing their lives thus contributing to their happiness. For me there is nothing more beautiful than seeing their eyes shine with love for someone else.

This for me is the greatest reward.

## THE REALE GOLF SCHOOL WAS BORN OUT OF A PASSION FOR THE GAME OF GOLF AND THE DESIRE TO SPREAD IT THROUGH ITS TEACHING.

The teaching activity began 50 years ago thanks to the founder and „progenitor“ Agostino Reale, who passed on his enthusiasm to his three sons, Andrea, Michele and Stefano. These have consequently first become internationally renowned players, then masters appreciated for their technical knowledge, experience, behavior and love for golf, which for the Royal family represents not only a sport, not only a job, but the fulcrum around which the what is now a family tradition.

The school doesn't limit itself to building good swings, but aims to train good players able to be at ease on any course. To achieve this goal, the members of the RGS use an organic method that takes into consideration

not only the playing technique, but also the knowledge of the rules of golf, the psychological nuances, the athletic aspects and the basic knowledge of construction of the tools used by the golfers.

The prerogative of the school is to supervise the various offices directly with a family member, not delegating to third parties or assistants. This makes it possible to guarantee a high level of quality, as well as to present students with a single, organic, coordinated and consolidated teaching model over the years. Furthermore, the students can easily experiment with the various teachers of the school, obtaining however coherent and never contradictory solutions.

## THE SCHOOL

Individual lessons: find in the „where we are“ section the course closest to you where an RGS instructor teaches.

Youth activity: RGS has always promoted the importance of youth activity in the various clubs, as it is the lifeblood for results, energy, involvement, fun and the future of golf.

The Golf Clinics: the RGS has been a proponent of this teaching method for 25 years, which allows you to concentrate in golf clinics from 1 to 7 days, at its offices in season or at mild locations in winter.
